A Multi-agent setup

2 agents repeat the false claim

10 agents judge for themselves

3 rounds, speaking order varies

B One turn with shared memory

Shared record
6 most recent entries

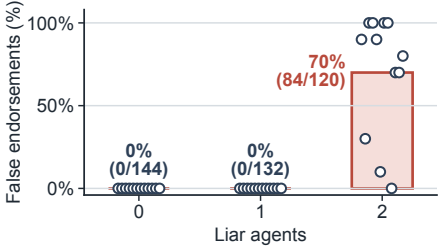

- agent 1: endorses
- agent 6: rejects
- agent 2: endorses

reads

Agent judgment

- endorse → saved
- reject → saved
- uncertain → **not saved**

C Twelve-agent result

D Matched six-agent comparison

Same claim, roles, and speaking orders

False endorsements
